

### Genesis

Higher education institutions are facing crucial challenges in producing and maintaining quality research in different areas of learning. The need of the hour is to enrich the budding researchers and young faculty in developing a sound methodological base of research. A good research methodology is key to sound research output. To operationalize this vision, there is a need to train, reorient and reactivate the research scholars in management, sports science, physical education, health and psychology on research methodology.

### About the Webinar

The current webinar is an effort to sensitize the research scholars in sports science & physical education on research methodology. The webinar will reveal the importance of sample size selection, testing assumptions, and using appropriate designs in enhancing the accuracy of findings.

In the second session, our resource person shall discuss how to link the research questions to data analysis, avoiding common mistakes, selecting appropriate analysis, understanding common assumptions. All issues that will be discussed in the webinar shall be those which are usually the reviewer's concerns in evaluating any manuscript.

This workshop is an initiative by the Research Forum of Sri Sri Aniruddhadeva Sports University, Chabua, Assam, India

## Webinar on

# How to Publish Scientific Research in the Renowned Journals

– Reviewer's Perspective

(Time and Date: 11.30 AM – 2.30 PM, 18.12.2021)

Presented by:

Prof. JP Verma

Prof. AG Abdel-Salam

Registration Link: <https://forms.gle/R4Af3Gx5wbx4FFvj8>

## Who Can attend the Webinar?

- Ph.D. Scholars in Management, Sports Sciences, Medical Science, Physical Education, Psychology, Education, Health Science, Life sciences etc.
- Young Faculty in the above mentioned areas

Number of Seats: 25

## How to Register:

- Interested Candidate can apply through the Google [Link](#)
- Selected Candidate will be informed via email.

## Registration Fee:

- No fee is charged for this webinar
- Organizers have the right to deny registration owing to their criteria.

## Help desk:

### Course Coordinantor

Dr. Hemantajit Gogoi

Email: [gogoihemantajit@gmail.com](mailto:gogoihemantajit@gmail.com)

Mob: +91 78287 68076

### For Registration Query

Dr. Meghna Goel

Email: [goel.meghnaa@gmail.com](mailto:goel.meghnaa@gmail.com)

Mob: +91 95893 10295

## About the Speakers

**Prof. J P Verma** is currently the Vice Chancellor of Sri Sri Aniruddhadeva Sports University, Govt. of Assam, India. He is an experienced educationist and a prolific researcher. He has been teaching Research Methods and Applied Statistics to the Ph.D. Scholars in different disciplines for the last three decades. Prof. Verma has developed innovative pedagogy through which even a novice researcher can understand various issues of research methods such as deciding sample size, the importance of testing assumptions, reporting effect size & power in research findings, identifying appropriate research designs, and statistical techniques for enhancing the accuracy of research findings. Prof. Verma has published numerous books with international publishers like Wiley, Springer, and McGraw Hills on research methods and statistics in Management, Sports science, Physical Education, Health, and Psychology. All his books have been adopted by a large number of universities across the globe. His books in the area of [Management](#), [Sports Research](#), [Psychology](#), and [Exercise Science](#) by Wiley and Springer are the most popular books among researchers across the globe. Prof. Verma has conducted numerous workshops on research methods, research designs, multivariate analysis, non-parametric methods for the researchers and faculty of different disciplines in many universities across Asia, the Middle East, Australia, and Europe. His other books can be seen by clicking the [link](#).

**Abdel-Salam G. Abdel-Salam** is an associate professor at Qatar University. He is a Chartered Statistician from the Royal Statistical Society (RSS) in the UK and certified as a Professional Statistician from the American Statistical Association (ASA) in the USA. He has published several research papers and delivered numerous talks and workshops national and international.

Dr. Abdel-Salam has been awarded some of the highest prestige awards such as Teaching Excellence from Virginia Tech, Academic Excellence Award, Freud International Award, and Mary G. Natrella Scholarship from American Statistical Association (ASA) and American Society for Quality (ASQ), for outstanding graduate study of the theory and application of Quality Control, Quality Assurance, Quality Improvement, and Total Quality Management. In addition, He has awarded Cairo University Award for international publication in 2013 and Qatar University's Outstanding Faculty Service Award in 2018.
