SRI SRI ANIRUDDHADEVA SPORTS UNIVERSITY

Vice Chancellor's Report

Dear Members,

I am pleased to present the Annual Report of Sri Sri Aniruddhadeva Sports University for the year 2022-23. This year has been significant for the university as we achieved several milestones and many goals. One of the most noteworthy achievements of the year was the notification of the first Statutes of the Sri Sri Aniruddhadeva Sports University by the Government of Assam in 7th October 2021, which was passed by the Assembly. This was followed by the notification of Ordinances of the university by the Government of Assam as 3rd February 2023, which was also passed by the Assembly. These achievements have provided a strong legal framework for the university, enabling it to operate more efficiently and effectively.

During the period under review, the university held several meetings, including one Court meeting, one Executive Council meeting, and two Academic and Activity Council meetings. These meetings were instrumental in providing guidance and direction to the university in its activities and programs. The first Diploma award ceremony for the Postgraduate Diploma in Sports Coaching was held during the period, and it was a significant milestone for the university. I am delighted to announce that four out of seven students from the first batch of PGDSC were placed as Coach/Physical Instructors in the Govt. of Assam, which is a testimony to the quality of education and training provided by the university.

The university is all set to implement the National Education Policy 2020 in our university once the teaching and nonteaching positions in the university are sanctioned by the Government of Assam. We have also framed a four-year undergraduate program with multiple exit options under the NEP 2020 by using the UGC framework 2022 for the undergraduate program. This new curriculum will enable our students to pursue their academic goals flexibly and holistically.

The university has also taken several IT initiatives during the year, including the implementation of a new student information system and the ILMS system. These initiatives have improved the overall efficiency and effectiveness of the university's operations. In addition to its academic and training programs, the university also participated in various programs and initiatives, such as the celebration of Azadi Ka Amrit Mahotsav program and the Har Ghar Tiranga program, which helped in promoting national unity through sports and physical activity among the people.

I would like to take this opportunity to thank the officials of the Governor's house and Department of Sports and Youth Welfare, Govt. of Assam, members of the Court, Executive Council, and Academic and Activity Council for their unwavering support in the activities of the university during the session.

Lastly, I would like to express my gratitude to all the members of the university for their hard work and dedication in preparing this report. It is through your collective efforts that we have been able to achieve all the milestones and accomplishments during the year.

Sincerely
Prof. J.P. Verma
Vice Chancellor
